PROFILE

Senior AI Product Manager with 13+ years in regulated financial services across Credit Suisse, UBS, Standard Chartered and Capgemini. Combines deep credit risk, AML/CFT and compliance expertise (Basel III/IV, ECB, EU AI Act, DORA, GDPR) with hands-on LLM, RAG and multi-agent product delivery; 7 AI products built and shipped in the last 12 months. Owns product vision, roadmap, P&L and backlog governance for international agile teams of 50+ across Europe and Asia.

PROFESSIONAL EXPERIENCE

Capgemini · Stuttgart, Germany

Apr 2023 – Present

Senior AI Product Manager, AI Adoption & Governance

- Launched a firm-wide AI enablement programme using LLM-powered multi-agent workflows across 4 business units, identifying \$600K+ in annual savings; the phased adoption roadmap became the organisational standard.
- Defined the AI product roadmap with EU AI Act compliance gates, risk governance milestones and GDPR reviews embedded in every release.
- Prioritised 12+ AI use cases with delivery and risk leads, achieving 85% stakeholder alignment in the first sprint and a threefold increase in AI pilot proposals within 3 months.
- Built an AI evaluation framework with context engineering: answer consistency up 25%, hallucinations down 40%, model failures down 30%.
- Owned a 200+ item backlog (RICE, OKR-linked acceptance criteria); reduced time-to-market 25%, moved to weekly releases and secured 500K in additional investment through risk-adjusted ROI cases to executive leadership.

Standard Chartered Bank · Warsaw, Poland

Mar 2022 – Mar 2023

Senior Product Manager, Credit Risk Platform

- Owned vision and roadmap for the Credit Risk Analytics Platform serving 50+ stakeholders across Risk, Finance and Compliance; reduced audit risk exposure 40% through an integrated governance framework.
- Architected Basel III stress-testing and ECB FINREP reporting, cutting the forecast cycle from 5 days to 8 hours.
- Prioritised 150+ credit risk features with full traceability from regulatory requirement to release; introduced BDD and 50+ automated checks, reducing calculation errors 85% and audit findings 60%.
- Led delivery across 4 time zones as escalation point for the CRO and CFO on regulatory deadlines and capital planning.

UBS · Wroclaw, Poland

Dec 2020 – Feb 2022

Product Manager, AML Risk Platform

- Owned vision, roadmap and backlog for the NICE Actimize AML alert triage system across 3 agile teams in the USA, Germany and Poland.
- Redesigned risk-scoring and alert prioritisation logic, reducing false positives from 45% to 22%, saving 2,000+ analyst hours a year and improving suspicious-activity detection 30%.
- Ran PI planning across 3 time zones, raising sprint throughput 25% and cutting cycle time from 4 to 2.5 weeks; delivered 4 major releases on time with 95% stakeholder satisfaction.

Credit Suisse · Wroclaw, Poland

Jul 2018 – Nov 2020

Senior Product Owner, Loan Stress Testing & Capital Risk

- Owned the roadmap for Basel III capital calculation, ECB scenario modelling and P&L forecasting across the EMEA credit portfolio, delivering 30% faster release cycles.
- Translated Basel III/IV and IFRS 9 requirements into user stories for quant, engineering and risk teams, with a 95% first-review sign-off rate.
- Introduced a UX index predicting optimal update timing, reducing P&L forecasting errors 20%; delivered 30+ features over 4 PIs with 90% on-time delivery.

Credit Suisse · London, United Kingdom

May 2017 – Jun 2018

Product Owner, Post-Trade Settlement

- Owned a \$400K P&L and the EMEA/US/APAC settlement roadmap; translated risk requirements into 50+ epics, retiring 12 legacy components.
- Led a 23-member offshore team across equity, stock borrow/loan, clearing and asset servicing with 97% SLA adherence; CI/CD automation reduced settlement failures 25% and regression testing time 60%.

Associate Product Manager

- Built “Kandoo”, an internal automation tool adopted by 40+ PMs, POs and QA staff, halving trade testing time and saving \$205K annually.
- Coordinated front-to-back settlement testing for top 5 global banks across 6 agile teams: 99.2% test coverage and zero production-critical defects over 8 consecutive releases.
